The art is simple but good looking, the background track is mellow, and the controls are responsive and smooth.. The Game itself contain a few worlds with a few riddles Each riddle has a different layout and different rules to solve it.. This lead us to the problem that everytime it is to hard you can recreate the so called Chaos to hope for an easier one until you solved it.. 1075eedd30Title: HexoscopeGenre: Casual, IndieDeveloper:Studio BinoklePublisher:Sometimes YouRelease Date: 10 Aug, 2016Minimum:OS: Windows XP, Windows Server 2008, Windows 7, Windows 8.. The puzzle is arranged when the Receiver gains Power from the Source through the Chain.. - 72 chaotic levels of various complexity - Levels are randomized on each replay.. You should arrange the chaotic combination of hexagonal Chips to create a Chain from Power Source to Power Receiver.. But here comes there first problem The tiles you need to moved a randomly generated everytime you start a level or it has been restart.. I recommend this game not because of the hard behaviour more because the mechanics are quite cool to play with and i had my fun with it.. But it should not be the best game out there of this genre So stoppong on this page looking for a really good riddle game you may haven\u00b4t found the right one over here. 0041d406d9 Disk First Aid Mac Download
